

# GOVERNMENT OWNERSHIP IS NOT AN ISSUE

## SPOKESMEN OF UNIONS SAY IT HAS NO PLACE IN THREATENED STRIKE

Statement Made to the American Federation  
of Labor Convention—Federation With-  
holds Reaffirmation of Such Policy—  
Is Not Abandoned by Unions However

(By The Associated Press)  
CINCINNATI, O., June 20.—Government ownership and operation of the railroads will not be an issue in the threatened strike of 1,000,000 shop workers and others, spokesmen for the rail unions today told the American Federation of Labor convention which responded to their request by withholding a reaffirmation of the federation's stand in favor of the adoption of such a policy.

"The rail unions have not abandoned the program of public ownership or grown lukewarm or indifferent," declared William H. Johnson, president of the Machinists' Union in explaining the request.

"We ask no declaration, however, because we have a most unfriendly and unsympathetic administration at this time. Our enemies would say if the strike occurs in the very near future that the fight was for government ownership. I believe the strike is inevitable for there is no other way out and we want the issue clear cut. The issue is the amelioration of the wrongs committed by the railroad labor board."

## HUNDREDS WITNESS SPECTACULAR MAN- HUNT IN CHICAGO

Capture One of Two  
Men Who Try to Rob  
Diamond Merchants

(By The Associated Press)  
CHICAGO, June 20.—After a spectacular hunt thru the Masonic Temple witnessed by hundreds of homeward bound workers, one of two robbers who had attempted to rob the offices of H. Klein & Sons, Belgian diamond brokers with a branch in New York, of diamonds valued at \$230,000, was captured tonight.

The other robber escaped with some of the jewels. After a hasty estimate of the loss it was said the missing diamonds are probably valued at \$50,000.

The captured bandit gave his name as Harry Katlor.

Max Klein, manager of the office, and Leopold Bachner, a salesman, were preparing to lock up for the night when two men entered with pistols. Klein and the salesman resisted and were severely beaten in the struggle which followed. The offices are on the thirteenth floor of the Masonic Temple and the noise of the struggle attracted the attention of persons in the surrounding suites.

## WOULD MAKE WORK EASY FOR HOUSEWIFE

(By The Associated Press)  
SAVANNA, Ill., June 20.—A campaign to give the housewife the same power facilities enjoyed by the office and factory is to be undertaken by the electric industry, John F. Gilchrist, vice president of the Commonwealth Edison company of Chicago told the joint meeting of the Savanna Commercial association and Illinois Telephone association here tonight.

He said that manufacturing interests in the future would pay more attention to the invention and development of the home labor-saving devices. The farming districts of the country will eventually have power he said, but warned those who are seeking it to put it on a sound basis. The problem of bringing power to the farmer, he said, was one of the biggest and most vital which the country has to solve today.

## PUT AGREEMENT INTO LEGAL FORM

New York, June 20.—Legal representatives of the Mexican government and of American oil interests with holdings in Mexico this afternoon put into legal form part of an agreement reached at the first conference of the oil men with Financial Minister de la Huerta this morning. The attorneys will report to the full conference tomorrow morning.

## EIGHT MEMBERS OF COMMITTEE SUBMIT REPORT

Republicans Present  
Report Denouncing  
Ford's Offer

(By The Associated Press)  
WASHINGTON, June 20.—Eight Republican members of the house military committee today signed a report submitted to the house by Representative Kearns, Ohio, denouncing Henry Ford's offer to purchase and lease the government's projects at Muscle Shoals, Alabama. Their action decreased to four the number of reports emanating from the committee and marked another division of opinion among the 21 members over the question of Muscle Shoals disposition.

The eight members were Representatives Kearns, Ohio; Morin, Craig and Ransley, Pennsylvania; Crowther, New York; Hill, Maryland; Parker, New Jersey and Frothingham, of Massachusetts. None of the signatories to the new report was willing for congress to accept the Ford offer either as recommended recently by the so-called majority views presented by action of Chairman McKenzie or by those who endorsed the report written by Representative Wright, Ga., asking the acceptance of Mr. Ford's proposals unconditionally. The third opinion drafted by Representative Parker, Republican, N. J., and endorsed by Representative Frothingham, Republican, Mass., of whom signed the Kearns document today, was in effect merged with the new report.

The Kearns report stressed the importance of getting to the country a clear, fair and unbiased statement of facts concerning the Ford proposal declared that "wicked" and "paid" propagandists were scattering propaganda thruout the country that is often void of truth and attacked the Ford offer in a way that left none of its provisions free from hostile criticism.

At the same time the report asserted that the Alabama Power company which submitted an opportunity to develop the power projects at Muscle Shoals had "always dealt fairly with the government and was offering \$5,000,000 for its interests in the steam plant at Gorgas, Iowa, in accordance with the terms of the contract executed with the war department when the plant was erected."

Summary Cost.

In another part the report summarized the cost prices of the projects which Mr. Ford would purchase for \$5,000,000. A total expenditure of \$85,343,295 was claimed on the Waco inquiry, the Gorgas steam plant and nitrate plants No. 1 and No. 2 while the amount offered was held to be "wholly inadequate."

A tabulation of the entire cost to the taxpayers of the United States of the Muscle Shoals project up to the present time also was presented showing a total of \$157,163,295, including \$13,320,000 for interest on new money required at Dams 2 and 3.

"Some say that Mr. Ford is honest," the report declared "and that he has said he wants to make fertilizer and they are willing to take him at his word, whether it is in the contract or not. What they say about Mr. Ford is not endowed with a perpetual life, altho some members of the military affairs committee would give him this water-power lease in perpetuity."

"Mr. Ford cannot live thruout any considerable part of the term of this water power leasehold and when he is gone and all the men that he may have surrounded him will have passed away we do not know in what unscrupulous hands his plans will fall and neither does any man now who is living today."

## COURT RULES ON TESTIMONY IN SMALL'S TRIAL

Admits Everything Except  
Ridgely Bank Stock  
Purchase

WAUKEGAN, Ill., June 20.—All testimony produced by the prosecution in the trial of Governor Len Small, with the exception of that concerning the purchase by the governor, Secretary of State Louis Emerson and the late Senator Edward C. Curtis, of an interest in the Ridgely National and Ridgely Farmers' Bank of Springfield, will go to the jury. Judge Claire Edwards ruled today.

Whether 250 of the 8,000 state exhibits to which the defense objected will be admitted will not be decided until tomorrow. Barring the Ridgely deal from the case as not covered in the state's bill of particulars Judge Edwards overruled seventeen defense motions which sought to exclude either all or part of the state's evidence.

The court and attorneys conferred today over the procedure to be followed in final arguments but reached no decision.

The court hopes to complete the case by Saturday night but James H. Wilkerson, assistant attorney general declared he believed that would be impossible. The prosecution objected to being limited on final arguments.

In his decision overruling the major part of the defense motions to strike out the evidence, Judge Edwards held that it was immaterial whether or not the state has shown that titles to the money alleged to have been obtained by false pretenses was really vested in the state.

## RESULTS OF IRISH ELECTIONS WILL BE KNOWN WEDNESDAY

Unusual Precautions Against  
Interference in the  
Counting

(By The Associated Press)  
DUBLIN, June 20.—The results of the elections are still incomplete and final figures in some of the important constituencies will not be announced until Wednesday. There has been some hitch at Waterford and the DeValera members whose seats in the Dail are endangered include Cathal Brugha (Charles Burgess) former minister of defense and Seamus Robinson, one of the leaders of the dissident section of the army. Unusual precautions have been taken against interference in the counting.

There is one huge constituency in Cork county returning eight members, with three newcomers contesting the seats of the four treaty and four anti-treaty members, the former including Michael Collins, and the latter the well known novelist and poet, Daniels Corkey.

The successes of the independent and anti-treaty candidates but the anti-treaty candidates far more severely than the others. The Republicans had counted on dropping 15 seats of their existing strength, and thus far, with 28 seats still unannounced they have dropped 11. According to estimates they may drop at least eight more. The new candidates were except in two or three instances, men little known to the public.

The most conspicuous success of the DeValera adherents was Mayo East and Sligo, with five seats of which they held and still hold three.

Including all the uncontested seats, the results are known in the case of 100 members. Of these the pro-treaty panel won 30 or contests which with 17 uncontested seats gives a total up to the present of 47.

The anti-treaty panel survived the contest in 13 seats, which with 17 to be contested gives this side 30.

Ten labor men all pro-treaty, are returned.

## BABE RUTH AND UMPIRE DINEEN NEAR TO BLOWS

Home Run Hitter Challenges  
Umpire Who is More  
Than Willing

(By The Associated Press)  
CLEVELAND, Ohio, June 20.—An angered because of his suspension by President B. B. Johnson of the American League, "Babe" Ruth, baseball's most famous batsman, threatened Umpire Bill Dineen and only prompt interference by members of the Cleveland Indians averted a clash between the two prior to today's game between New York and Cleveland.

Ruth's suspension followed his expulsion from yesterday's game by Umpire Dineen because of abusive language used to the arbitrator. The champion batsman was informed of President Johnson's ruling today.

After participating in practice with his team, Ruth encountered Dineen at the Cleveland dugout while on his way to the club house. "If you ever put me out of a game again I'll fix you so you will never umpire again, even if they put me out of baseball for life," Ruth is alleged to have said.

An argument then ensued in which Ruth told Dineen "you're yellow."

"No one ever accused me of being yellow," Dineen retorted.

Further words passed between the two during which Ruth is alleged to have called Dineen a vile fellow and to have invited Dineen to accompany him beneath the grand stand at the same time doubling up his fists, and walking toward the umpire. Dineen thereupon threw down his protector and his mask and prepared for action, but before any blows were struck Manager Speaker, Steve O'Neill and "Stuffy" McInnis intervened and persuaded Ruth to go to the club house.

## SOLDIER'S BONUS BILL TO FOLLOW TARIFF MEASURE

Senate Votes to Make  
it Special Order of  
Business

(By The Associated Press)  
WASHINGTON, June 20.—The soldiers' bonus bill was made today by a vote of 52 to 8 the special order of business of the senate immediately after the final vote on the tariff bill, unless it is disposed of before that time.

Adoption of a motion to this effect came after an all day fight at the outset of which an effort to get the bonus before the senate failed. Several senators gave formal notice that they would continue to press for action on the bonus ahead of the tariff.

A move to upset the program of the Republican majority calling for action first on the tariff was launched by Senator Walsh, Democrat, Massachusetts, who made a formal motion that the tariff bill be displaced by the bonus measure.

Senator Watson, Republican, Indiana, moved to lay this motion on the table and his motion prevailed 51 to 22.

With the announcement of this vote the bonus row began and raged for five hours.

Senator Underwood, the Democratic leader and an opponent of the bonus, made a point of order against the two third vote provision pointing out that this was in the nature of an amendment to the senate rules. The point of order was sustained and that provision withdrawn.

The motion was further modified at the suggestion of Senator Norris, Republican, Nebraska, so that a motion to proceed to consideration of the bonus would be in order any time.

Charges and Counter Charges.

Charges flew thick and fast during the debate. They included assertions that the delay in acting on the bonus was for the purpose of killing it, that those who made millions out of the war were behind an organized extensive propaganda to defeat the measure and that the Republican majority were planning to use the bonus a club over the heads of opponents of the tariff measure to shorten debate on that bill. In offering his motion to displace the tariff, Senator Walsh stated this was the third time that there had been an effort to postpone action and an effort to kill this bill.

He added that proponents of the legislation proposed to put the senate on record on the question.

Senator Heflin, Democrat, of Alabama, attacked the majority for delaying action, declaring that Wall street was behind the move for delay.

He also attacked Metropolitan newspapers opposing the bonus and declared that some of the papers in opposition were "subsidized."

Opposing further delay in senate action, Senator LaFollette, Republican, Wisconsin, declared his opposition to taking legislative subjects from the floor of the senate into party conferences where he declared the conscience of senators was counted upon to bind them to the support of the conference action.

## WORKING FORCES INCREASE IN STATE

(By The Associated Press)  
CHICAGO, June 20.—Working forces were increased an average of three percent in May by 980 Illinois concerns reporting to the general advisory board of the Illinois department of labor, according to statistics of the board. The improvement in industrial conditions in May was greater than during any month for the past year, it was stated.

Builders and contractors reporting to the board showed the greatest increase in employment the increase for the month being 20.1 percent. Of the employees reporting, 515 increased the number of employees in May 343 had few employees and 122 had the same number.

The advisory board said that the change brought employment 10.1 percent above the number of persons at work in May 1921. About half as many employees were added by reporting employers last month the board said. They were thrown out of work at the end of March by suspension of work in Illinois mines.

## HOOPER PREDICTS DISASTER WOULD FOLLOW WALKOUT

Chairman of Labor Board Says Walkout of  
Railway Unions Would Bring Unfortunate  
Results—Makes Answer to Letter  
from Union Chiefs—Scores Labor Leaders

(By The Associated Press)  
CHICAGO, June 20.—Disaster for the striking railway unions and unfortunate results for their membership was predicted to follow the threatened walkout, on which a strike vote is now being taken by nine railroad labor organizations in a letter from Ben W. Hooper, chairman of the railroad labor board to the union leaders today. Answering a letter from the union chiefs to the board which declared the executives would authorize a strike if the employees demanded it, Chairman Hooper made categorical reply to the "fierce assaults" on the board for which he declared there was no ground.

"With the degree of friendly interest that I feel in these organizations and with the recognition I accord to their great service to their membership, I am hopeful that they will not adopt a course that will surely prove disastrous to the organizations and unfortunate to the men composing them," wrote Mr. Hooper.

"It is regrettable that such a step is contemplated at a time when the country is just entering upon an era of more stable industrial conditions, that gives promise of an enlarged degree of prosperity to railway employees.

Altho Chairman Hooper said in his letter addressed to B. M. Jewell president of the Railway Employees Department of the American Federation of Labor that he felt no reply was required to the union's strike avowal he expressed a willingness to go beyond the strict limits of my official authority in the interest of railway peace.

He said he felt a strike vote should not be taken on any misunderstanding of the action of the board, but declared the union chief's letter manifested a "strikingly distorted conception of what the board has done and why it did it."

"Your statement that the board's last decision states openly that pressure of circumstances was such that the board was unable to determine just and reasonable wages is not correct," the letter said. "The decision contains no such statement and none that can be fairly so construed. 'Your statement that this board says that the establishment of just wages for railway workers must await the complete satisfaction of ownership in the matter of rehabilitation and profits' is an inexcusable perversion of both the language and meaning of what the board in fact said."

Declares Union Misleads

Mr. Hooper then attacked the "continual isolation and accentuation of the minimum 23 cent rate for common labor, which he declared was made misleading by the union men. He pointed out that section men would receive a rate of from 23 to 35 cents an hour.

"Surely the leaders of these railway labor organizations cannot expect to win the approval of the people of the United States by a rigid unyielding resistance to the inevitable process of readjustment which has been in progress for the past year," the letter continued.

"The fact cannot be overlooked that the policy of the leaders of the employees seems to be to accept no reduction however slight."

The letter concluded by citing the case of the stationary firemen and oilers who are now taking a strike vote and whose pay was reduced two cents an hour to 169.9 per cent over those of 1915, the letter said, "an enormous increase over the compensation they received before the war. And yet there is submitted to them a strike ballot."

## WOULD BE CHASTISERS ARRESTED AGAIN

(By The Associated Press)  
CHICAGO, June 20.—Herbert Pascolini and A. R. Umbach, arrested a few days ago after they had attempted to chastise Dr. William A. Muttera of Morris, Ill., were re-arrested today on warrants sworn out by Dr. Muttera charging them with conspiracy to do an illegal act. William Newman who was with Pascolini and Umbach has departed for California, according to the police. They went to see Dr. Muttera, according to their stories to the police, because they said "e mistreated a young girl."

Dr. Muttera denied this and said an attempt was being made to force him out of business. The men were discharged in the original proceedings after Pascolini had been fined \$50 for speeding.

## WEEKS SAID TO BE OUT WITH ADMINISTRATION

Topeka, Kansas, June 20.—Senator Capper of Kansas, in a special despatch received here tonight declares that Secretary of War Weeks is out of tune with the Harding administration and that if he does not resign his resignation might very properly be requested by the president.

## HARDING APPROVES PLANS TO BRING UP SHIP SUBSIDY

President States Position in Letter to  
Mondell

(By The Associated Press)  
WASHINGTON, June 20.—President Harding tonight gave formal approval to plans of Republican leaders in the house to bring the administration ship subsidy bill to a vote at this session immediately after the tariff bill has been sent to conference by the house.

The president's position was stated in a letter to Representative Mondell of Wyoming, the Republican leader, which embodied also detailed arguments advanced by Mr. Harding in favor of enactment of the measure at the present session. Public interest will not admit of a postponement of decision on the policy to the next congress or the approaching short session, the president said, but advantage will result in a delay of a short time while house members, particularly many of whom are now away from Washington, consult their constituents. The subsidy bill he declared is needed to get the government's ship holdings into private hands and into economic usage, if for nothing else and this question he held "not to be prejudiced by the old and worn cry against subsidy."

"It does not become us to go on paying shipping tolls to the world," the president said further, "when our righteous purposes in trade are better promoted by serving ourselves in making our tenders in the marts of the world."

The exact time fixed for voting on the measure, the president said, in describing his agreement with house leaders, is approximately such time as house members will be called in active attendance to send the tariff bill to conference.

## ILLINOIS CRIMINOLOGIST TALKS TO POLICE CHIEFS

San Francisco, June 20.—Physical deficiencies often are causes of criminal tendencies was the statement of Dr. Herman Adler, state criminologist of Illinois, in an address today before the international association of Police Chiefs. Dr. Adler told of one criminal who was reformed by a balanced diet, which included a proper amount of sugar.

A Belleville man found guilty of bootlegging was fined \$1,000. This is said to be the stiffest fine ever assessed in southern Illinois for such an offense. The sum is large, but the chances are that its payment will not hurt the feelings of the offender nearly as much as would a week's stay in jail.

There is more interest just now in Gov. Small's case at Waukegan than there has been at any time before during the nine weeks that the hearing has been under way. The action of the defense in waiving the right to present evidence is indicative of the belief of the counsel for the governor that the state has not built up a very strong case.

Now come the argument and the instructions to the jurors. There can be only speculation as to how the twelve jurors will grapple with the great mass of oral and documentary evidence that they must supposedly consider in arriving at their finding.

Fred Mader, convicted of conspiracy in the Chicago building trades mix-up, has been sentenced to jail for a year and to pay a heavy fine. This is the 13th conviction in the present campaign being waged against extortionists and terrorists among the building trades workers. That's not an unlucky number and Chicago lawyers and business men are so actively interested in the clean up program that other trials and convictions will follow.

In all this discussion about serving liquor on ocean going ships, it is just as well to remember that while a few thousand travel abroad, that as many millions stay at home and frame the laws and policies that govern the country.

## THE EAST STATE STREET PAVING PROJECT

One should inspect the East State street pavement before declaring positively that the plea of property owners, at least those east of Howe street, for delay in the pavement construction should not be considered. However, the request for postponement to another year is not new. That is the customary plea and the records will show that year after year, in connection with practically every street paving project suggested that the plea has come to postpone the work for just another year on the theory that the prices for material and labor will be lower.

In fact, the records show that ten years ago the first public hearing for the pavement of East State street from Johnson street east, one of the projects now under consideration, was proposed. Hearing after hearing has been held,

always with the plea for postponement, and those pleas have prevailed for the full ten years.

A board of local improvement in insisting upon the construction of paving, always faces a difficult situation. There are always instances where the imposition of the special tax means a serious burden. The benefits are never absolutely uniform, but a board of improvement must act as it considers best for the majority.

In the East State street situation, the aldermen have agreed to inspect the street before taking action on the ordinance providing for the improvement. However, the property owners must remember that the council as well as the board of improvement, faces problems in connection with such a project. While history shows that there is always opposition to street paving projects, it also shows that when pavements have been completed that the benefits to property are fully equal to the cost of the work done.

The last estimate for the pavement on East State street is lower than the one previously made. The plans have been somewhat changed and the pavement narrowed. The city proposes to pay one-seventh of the cost of the improvement from funds raised by general taxation. Men posted on material and labor costs are of the opinion that lower prices are not in prospect for next year. These are only a few of the things that must be taken into consideration in connection with the East State street paving project.

One of the most vital questions for the improvement board and council members to consider is how they can abandon one paving project without taking like action with reference to others, unless it be on streets where the feeling is strongly in favor of paving, and such instances are rare indeed.

## AN OLD TIME POSTER

The Journal's valued friend, John Dodsword of the vicinity of Lynnwood, has loaned the office an old time poster which is indeed interesting. It is an ancient article advertising a Fourth of July celebration. It is headed July 1872 and then follows a cut showing a rooster and two hens. The affair looks much like a take off though just now the writer doesn't recall just how the day was celebrated in 1872. He well remembers a fine program the year before; lots of fireworks, parades and the like and it is possible that the people were resting that day.

The affair goes on to say that the aboriginals and early settlers of Jacksonville and surrounding country have agreed to celebrate the coming anniversary of American independence in a highly becoming manner. The sun will rise at the usual time when the bells will go ringing for Sarah and a box of soda crackers will be exploded in the rear of McDoodle's pig pen in the third ward.

There follows a list of features of the parade such as Jacksonville band, city scavengers in uniform, good tipplers in regalia, one man from Chapin barefoot, section of the great American spirit, three men from Apple Creek, three cannibals from Woodson, three old mads, Mayor of Springfield, fire department of Lynnwood and a host more as ridiculous.

Then follows a long humorous and imaginary description of the exercises to be. Among other things it says the procession will march to Rountree's barber shop where the emancipation proclamation will be read by a man from Springfield standing on the balcony.

Horace Greeley has been engaged and will speak half an hour in his back yard and General Grant will smoke one of his best cigars.

N. B. Persons coming from the rural districts will please scrape their feet off on the forks of the road.

By order of the committee and 27 full grown vice presidents.

## REMINISCENCE OF THE GOOD OLD DAYS

It is some years since the bicycle came to stay and its early history is not known to many. The first attempt at such a vehicle was the old time velocipede with two wooden wheels much like those on a huggy. In the third story of the Ayers block, just west of the bank building there was a velocipede school and a number of vehicles were kept for hire and many boys and some men went and took lessons or practiced on the wheels. The writer remembers seeing Ban Anderson, long since dead, get a good start on the wheels and then stand on the saddle and go a good ways.

The wooden wheels were soon superseded by the wire spoked affairs with high wheel in front and very low trailer. On one of these Newton Reid says he was the first person to ride around the square. Then came the safety wheels or wheels with chains such as are in general use now. At first they were ridiculed as fit for only children but they won their way. George Davis, formerly chief of police, paid \$135 for a high wheeled machine and before he had possessed it three months he fell in front of a team and one of the horses was all tangled in the wrecked wheel.

## CHURCH WEDDING AT WINCHESTER TUESDAY

Miss Margaret Murphy Becomes Bride of Russell Burns in Pretty Wedding Tuesday Morning—Other Winchester News.

Winchester, June 20.—Miss Margaret Murphy, youngest daughter of Mr. and Mrs. Michael Murphy, and Russell Burns, son of Mr. and Mrs. Fred Burns, were united in marriage at St. Mark's Catholic church at 7:30 o'clock Tuesday morning. Rev. Father O'Mullane performing the ceremony.

The bride entered the church with the best man, Russell O'Donnell, while the bridesmaid, Miss Mary Murphy of Chicago, a sister of the bride, was accompanied by the groom. The ceremony was performed by the priest.

The bride was very handsomely gowned in white satin. She wore a sweeping veil, caught with a bridal wreath, and carried a shower bouquet of sweet peas.

The bridesmaid wore a gown of georgette crepe and a hat of blue. The ceremony was witnessed by a comparatively few friends and relatives of the young couple but was very impressive throughout. Following the ceremony the party went to the home of the bride's parents, where a wedding breakfast was served. Among the out of town guests at the wedding was a sister of the groom, Miss Mildred Burns, of St. Louis.

The bride is a graduate of the Winchester high school with the class of 1920, and since that time has been bookkeeper at the D. D. Watt Dry Goods store here. She is a young woman of very charming personality and possessed of more than usual ability in many lines.

Mr. Burns is one of the prosperous young farmers of Scott county and is a young man who has the entire respect and confidence of all who know him.

The young people were the recipients of hearty congratulations and good wishes from their many friends and begin their wedded life under very happy auspices. Following a brief wedding trip they will be at home on a farm near Winchester.

## News Notes

A number of the girl classmates of Heloise Waters gave her a very pleasant surprise Tuesday afternoon at her home on North Main street. This was in honor of her thirteenth birthday and the afternoon was spent with games and contests. Refreshments of a very attractive kind were served during the hours.

The many friends of Richard Hainsworth will be glad to know that he has received a scholarship offered by the University of Illinois.

Fred Cowhick, with the Rogers Producing Co., is soon to arrive in Winchester and will begin rehearsals for a home talent play, "Kathleen."

## OLD JACKSONVILLE

SOME ADDENDA AND TWO CORRECTIONS

(BY ENSLEY MOORE)

Member Illinois State Historical Society

Every one may not think about the "O. J." articles as the writer does, and even he does not think very much of all of them. But that of last week—June 14th—has kept recurring to him since. It may not be inappropriate to say more of those of the sixteen youths who took part in the first Commencement of Illinois—in 1835, Sept. 16th. They will be given in this paper in the order in which they appeared on the programme that day.

In the forenoon, after "Sacred Music," and "Prayer by the President."

**Ralph Perry, Jacksonville, Ill.**  
Appended. He was a native of Connecticut, was graduated in 1838, married Abby Graves, became a clergyman as did all but two of that class, and dwelt in Agawam, Mass., in 1872, according to the first Alumni Register of Illinois College, issued that year.

**Reuben S. Kendall, Tremont, Ill.**  
followed. He was born in Maine, was graduated in 1838, married Kimball, became a minister and lived in Roscoe, Ill., in 1872.

**C. E. Blood, Rindge, N. H.**  
belonged to 1837, was a native of New Hampshire, and married Mary Coffin, Clergyman.

**C. Edwin Hall and Lewis W. Ross** had a "Disputation." Hall was from Blandford, Mass., was also in 1838, married Miss Malon and E. A. Ellis, and lived in Guilford, Ct., in 1872, Clergyman.

**Lewis W. Ross** came here from Havana, Ill., resided in Lewistown, Ill., being member of Illinois Legislature, Captain in Mexican War, Presidential Elector. Member of Constitutional Convention, and Congressman three terms.

**Edward Schofield, Norwalk, Conn.**

of 1838, born in Norwalk married Elizabeth Williams, lived in Centerville, Ill., in 1872, Clergyman.

**Charles B. Barton, Jacksonville, Illinois.**

of 1835, born in Fitchburg, Mass., married Martha Hackett, lived at Richview, Ill., in 1872; died here. Clergyman.

**J. P. Stewart and J. K. Morse** were disputants. Stewart was from Harrison, Ohio, belonged to 1836, as did Morse, married Mary Decker, lived in St. Louis, in 1872, Clergyman.

Morse was a native of Mass., and a lawyer.

The disputation ended the morning exercises, except for Sacred Music.

In the afternoon, after Music, A. M. Dixon, Bond County, Ill.,

## ORLEANS COUNTRY CLUB

## HELD ANNUAL PICNIC

Club Members and Guests Enjoyed Day at Home of Mrs. James Dobyns Near Orleans.

The home of Mrs. James Dobyns near Orleans was the scene Tuesday of the annual picnic of the Orleans Country club. The company included about seventy-two, each member privileged to invite one guest and the hostess ten guests. The Dobyns home had been tastefully decorated with flowers, roses and ferns adorning one room, daisies another and in other parts of the house garden flowers were used with charming effect.

At 1 o'clock dinner was served on tables arranged on the lawn, the menu including a great variety of good things to eat. The domestic committee included Mrs. W. T. Scott, Mrs. Clyde Cox, Mrs. Fred Moeller and Mrs. George Graft, while the program was in charge of Mrs. F. E. Drury, Mrs. George Holley and Mrs. Owen Cox.

The program which followed the serving of the dinner included the following:

Address of Welcome—Mrs. W. H. Hinrichsen, the president.  
Reading of Minutes of Last Meeting—Miss Helen Holmes, the secretary.

Group of Piano Numbers—Mrs. Laura Hallerberger.  
Reading—Mrs. Frank Drury.

spoke, Alvin M., also belonged to 1836, was a native of Manny county, Tenn., lived at Lawrence, Ill., in 1872. Clergyman.

**R. W. Patterson and W. S. Curtis** "disputed." Patterson, of 1837, came from Blofint county, Tenn., became a minister went to Chicago, Ill., was President of Lake Forest College, father of his namesake, editor of the Chicago Tribune, and was a Moderator of the Presbyterian General Assembly.

**Curtis, of 1838,** came from Galena, Ill., born in Burlington, Vt., lived at Rockford, Ill., in 1872, had been President of Knox College, Clergyman.

**C. S. Beach and J. G. Easton** gave a "Dramatic Fragment."

**Beach** was from Hebron, Conn., and Easton from St. Charles, Mo.

The programme ended: "Degrees Conferred," "Prayer by President," "Sacred Music."

Last, as stated last week, came Yates and Spilman (both natives of Kentucky) the only graduates, the other students serving to fill up the long (and creditable) programme.

Few of these speakers could well have been natives of Illinois, as the State was only organized in 1818.

## Those Nine Beginners.

The names of the nine youths who met Prof. Sturtevant in Beecher Hall, January 4th, 1830, are well worth preserving. Barton, Stewart and Dixon have already been referred to in this article.

The boys or young men were Charles B. Barton, A. M. Dixon, Rollin Mears, Miller, Hampton and Merrill Rattan, of Greene county, Chapman H., and S. R. Simms, and J. P. Stewart.

Rollin Mears became a Congregational minister, dying about 1857. Miller's full name was not given. Chapman H. Simms was a merchant, spending his life here; the father of Edward, Louis and Dr. Ridgely Simms.

## Two Corrections.

In the "O. J." article of May 17th, ult., it was said that J. O. King built the two stores south of Bancroft's corner. Mr. M. Deem Rapp says his father, Mr. Michael Rapp built the south one of these two stores at the time Mr. King built the north one.

It was also stated, May 17th, ult., that P. B. Price married a daughter of Col. William B. Warren. This was a mistake. Mr. Price married a daughter of Mr. William S. Hurst. Col. Warren married a sister of Mr. Price.

## Vocal Solo—Mrs. George Greenleaf, with Mrs. Hallerberger as accompanist.

After the formal program came a "stunt" program which proved highly amusing. When the guests departed for their homes in the late afternoon it was with the conviction that this year's picnic was one of the best in the club's history.

## DISTRICT CONFERENCE MET HERE YESTERDAY

Board of Home Missions of M. E. Church Meets at Brooklyn Church—Social Held in Evening.

Representatives from the board of home missions and church extension committee of the Jacksonville district Illinois Conference, had a business meeting at Brooklyn church yesterday afternoon. The eligibility of some of the churches of this district for assistance from the board was discussed and other business considered. Following the meeting

refreshments were served on the lawn by members of the ladies aid. Including visitors there were about seventy-five in attendance.

In the evening an ice cream social was given on the church lawn. The social was a great success, the ladies selling all their stock of ice cream and cake.

Rev. Randle wishes to call attention to the mid-week prayer service tonight. The subject for discussion will be "June, the Month of Marriages." The subject will be discussed from a biblical standpoint, and Rev. Randle wants everyone to come and bring his Bible.

## ANOTHER VERSION OF THE SPLIT IN THE A. A. A.

Officials of the Chicago Motor Club gave out the statement last night that the election of George C. Diehl of Buffalo to the presidency of the American Automobile Association for the second term, was viewed by the leaders of the largest automobile clubs in the Country as a victory for the motoring public of America.

It is a well known fact that Mr. Diehl favors a standardized plan of service for the automobile clubs of the Country which would include legal, touring, and mechanical aid service. It is the A. A. A. president's ambition to have this service in operation all over the Country, so that a motorist might travel more securely in the knowledge that he was never further from assistance than the nearest telephone. Although the Chicago Motor Club has been admitted into the A. A. A. by the unanimous vote of the executive board of the national body March 14, the delegates of the Chicago Club were protested by Ohio at the St. Louis convention. This

protest coming to naught on the convention floor delegates from Ohio, Indiana and Illinois withdrew, and they will endeavor to form a new national association. The subject of insurance was injected into the convention, commercialism it was called, by those who opposed automobile clubs providing members with this service.

Attention is called by the Chicago Motor Club officials to articles in the "National Underwriter," a leading insurance trade journal in which agents bitterly attack the Club idea of insurance. An editorial in a June issue compliments the insurance men for the work did at the St. Louis convention, and calls upon all insurance men to busy themselves with the activities of the motor clubs in their territories.

The Chicago Motor Club officials say that the attack launched against the Chicago Motor Club was engineered by members of the Illinois Automobile State Association, who were loath to lose the largest Club in the State, when the Chicago Motor Club went into the A. A. A. direct. It is not the Chicago Motor

Club that the insurance forces are working against, the statement continues, but all club insurance, and the men who withdraw will soon discover that, the forces that helped them at St. Louis will fight them if they attempt to give insurance service to their members, and will endeavor to impair it wherever this service is already formed.

It is further said that the A. A. A. is not interested in insurance any more than in touring bureaus and club houses. Nor is insurance a compulsory service to the members of automobile clubs furnishing this service to members.

L. F. O'Donnell made a business trip to Winchester yesterday.

### ADOLPH ZUKOR IS GOING TO REFORM PICTURE PLAYERS

Players Also Behave When They Are Outside the Studio

(By The Associated Press)  
NEW YORK, June 20.—Emotions of motion picture stars of both sexes surged with stifling confusion tonight when Adolph Zukor, president of the Famous Players-Lasky Corporation, informed the profession that he had established a school at Hollywood to strangle temperance and a lot of other things.  
While the object of the school is to establish a perpetual reservoir of talent, the million-dollar-a-year young lady who sticks out her tongue at the director when he objects to the way she thinks the picture should be made, is going to have a hard life. There will be a weekly rating card for good and bad marks and if the required 75 per cent is not obtained, the penalty is expulsion from the company. The stringency of the rules even extends to the player's conduct outside the studio which will be covered in a weekly confidential report from the director.  
Conceding that temperance is a valuable asset, the rules proclaim that "temperance out of control is a nuisance to yourself and everybody about you. Bursts of so-called temperance in the studio will not be tolerated."  
The faculty of instructors includes Norman Selby, better known as "Kid McCoy," former heavyweight pugilist and now a screen actor who will be in charge of physical culture, the conduct rules emphasizing that "the basis of all good work is good health."  
Sufficient sleep, avoidance of alcoholic stimulants and late hours and care in the choice of

associates outside the studio, are graduation requirements.

### MANY WILL AGREE WITH DR. HOLMES

(By The Associated Press)  
WILLIAMS, Bay, Wis., June 20.—Less foolishness would be uttered by both the theologians and scientists in the controversy over evolution if the theologians studied more science and scientists studied the Bible, Dr. Arthur J. Holmes, of Des Moines, president of Drake University said in an address tonight at Lake Geneva, under the auspices of the international committee of Young Men's Christian Associations.  
"The theories of evolution have no particular value in life," said Dr. Holmes. "The Darwinian hypothesis has been discarded or radically modified by all real scientists. It is but one of about fifty seven varieties of theories of evolution."  
"If these theologians would study science and some the scientists would study the Bible, especially the first chapter of Genesis there would be less foolishness uttered by those on both sides of the controversy."

### MINE MANAGER BURNED TO DEATH

(By The Associated Press)  
HERRIN, Ill., June 20.—Archie Yulie, 32 years old, manager of the Dale mine of the Duncan Coal company near here, was burned to death today in a gas explosion which occurred while he was inspecting the mine. Cause of the explosion has not been determined.  
Manager Yulie's body was recovered by the local mine rescue team. It was burned almost beyond recognition. He was the only person in the mine and has inspected the mine each day since the strike began April 1.  
An inquest will be held tomorrow. He was a member of one of the most prominent families of southern Illinois.

### TWENTY FOUR ARE INJURED IN WRECK

Leadville, Colo., June 20.—Twenty-four persons were injured, four seriously today when the first section of Denver and Rio Grande Western Passenger Train No. 2, eastbound, was wrecked at Keeldar, 10 miles from Leadville. Spreading rails were believed to have caused the accident.  
The train carried many Shriners returning from San Francisco. Among the less seriously injured are:  
Linde Jarl, Iowa; Mildred Roath, Minnesota; Hattie Rieke, St. Louis, and Frank R. Thro, of Davenport, Iowa.

### LAWYERS MAY TALK THE JURY TO DEATH

Cattiesburg, Ky., June 20.—An early arrival at a verdict in the Clayhole election precinct murder and conspiracy trial here, in which French Combs, Shade Combs, Leslie Combs and George Allen, Jr., all residents of Breathitt county are defendants, is not anticipated by those close in touch with the affairs of the court.

### RIO GRANDE IS STILL DOING DAMAGE

Brownsville, Texas, June 20.—Flood waters of the Rio Grande which yesterday and today wrought havoc at Eagle Pass and Laredo last today had reached Zapata, Texas district 150 miles west of here, driving Mexican farmers and goat herders into the hills on both sides of the river.

### RETURNS VERDICT OF NOT GUILTY

(By The Associated Press)  
SPRINGFIELD, Ill., June 20.—Deliberating just one hour, a verdict of not guilty was returned by the federal court jury sitting in the case of Ernest Conrad, gray haired, Mississippi river man charged with attempting to rob a Chicago & Alton mail train at Quincy Junction, January 24, 1921. Conrad recently was tried twice on a charge of robbing the same train at the same place just one month later, February 25, 1921. The jury in the first trial, sitting in Springfield, failed to agree. Conrad was acquitted on second review of the case in Quincy.  
An alibi was Conrad's defense in all three trials.

### RETURNS VERDICT IN STROUD DEATH

CHICAGO, June 20.—A Coroner's jury investigating the death of J. E. Stroud, Des Moines, Iowa, an electrician found dead in an alley Monday returned a verdict of death due to alcoholism today, from strangulation.  
Death apparently has resulted from strangulation the man's false teeth having slipped into his throat it was decided.

### AVIATORS TO AID IN FLOOD DISTRICTS

San Antonio, Texas, June 20.—Three aviators of Kelly Field left this afternoon for McAllen, Texas to assist in rescue work along the Rio Grande, now on one of the biggest rises in history and threatened much damage in the lower valley country.

## WHITE HALL GETS NEXT CONVENTION

District Epworth League Meets  
There. Next Year—Officers  
Elected and New Year's Program Outlined.

The election of officers and selection of White Hall as the city for next year's Epworth League Convention, of Jacksonville District, M. E. church, were the most important matters of the last session of the convention yesterday at Grace M. E. church.

The new officers are:  
President—Rev. Harry Evans, Forest City.

First Vice President—Miss May Clayton, Bluffs Springs.

Second Vice President—Attilo Chitti, Tilden.

Third Vice President—Ethel Willet, Alexander.

Fourth Vice President—Grayce Rexroat, Concord.

Secretary—Rev. Otis Irie, Jacksonville.

Treasurer—Glenn Ebrey, Durbin.

Superintendent Junior League—Agnes Davis, Jacksonville.

Board of control—Rev. Thomas H. Tull, Rev. C. D. Robertson, Rev. G. W. Randle, Elizabeth Boruff, president, Brooklyn league, J. L. Read, president, Grace M. E. League, Clarence Siegfried, president of Centenary League and Rev. Samuel Graves, member at large.

The loving cup for winning the most points in the league contest was awarded to the Grace Church Society who had a total of 422 points. Other societies which had high scores were: Carrollton, Havana, and Winchester. The cup was presented by Rev. C. W. Irie, of Havana and was accepted by Misses Ruth Jordan and Genevieve Elliot, members of the winning society.

The program for the day which was printed in Tuesday's Journal was followed.

A resolution committee of two members was appointed, consisting of Rev. Olin Lee of Manchester, and Clarence Blake of Palmyra. The resolutions made by the committee were read before, and adopted by the convention.

A luncheon served by the Ladies Aid of Brooklyn church was the closing event of the session.

The Resolution made are as follows:

As the Epworth League of Jacksonville District we submit the following resolutions:

We desire to express our appreciation of the untiring efforts of our District President Samuel Graves, together with the other officers of the district for the very fine way in which the affairs of the district have been conducted through the year. To the program committee of this most splendid program so full of spiritual uplift, the inspiring visions brought to our mind throughout the entire program will be carried home and be the means of instilling new spiritual life and enthusiasm in all league activities. To the pastors and Epworth leagues of Jacksonville for the manner in which they have co-operated with the district officers in making this convention of June 19-20, 1922, so great a success and especially to the Epworth leagues of Jacksonville for the picnic supper so greatly enjoyed by all.

We are very grateful to the entertainment committee, our hosts and hostesses for the splendid way in which they have so loyally entertained our delegates. We are greatly indebted to Rev. Corrie for the splendid convention sermon which portrayed to us so vividly "Heritage of Youth." To Rev. D. C. Linton for his great sermon on Evangelism and to Bishop Waldorf for his great message inspiring us as leaguers to be not only dreamers, but actors of our noble dreams. The accordion solos by Attilo Chitti, the whistling solo by Lucy Schulte, together with the rest of the splendid numbers on the program have been greatly enjoyed by all.

Be it further resolved that we meet at Shelbyville, Monday, July 10, 1922.

## MANY DRAWING PAY FROM GOVERNMENT

MOSCOW—Over four million and a half of people, exclusive of the Red army and navy, draw their living direct from governmental sources in Russia, and this is in spite of the recent dismissal of 3,000,000,000 such employees. Nor do these figures cover the Ukraine, with its 30,000,000 people; the far eastern Republic with perhaps 10,000,000 and the governments of Trans-Caucasus, Bokhara and Turkistan. These statistics mean, says the newspaper "Economic Life" that one out of every 20 persons in Russia has a government job, not counting soldiers and sailors. The new budget will reduce the number of governmental employees still further to 3,300,000.

Of the 4,571,000 still employed, the Supreme Economic Council, which operates a number of factories, pays 1,630,000. Railroads come next with 960,000 and the department of education has 420,000. In the State Political Police there are 105,000 and in the uniformed police 160,000.

The 3,000,000 recently discharged, deprived of government rations, have had to turn to the ocean markets to secure their sustenance.

NO USE WORKING IN THIS PLACE.

LONDON—A man can derive a larger income in Poplar by accepting relief than he can by working, so generous are the contributions of the popular Guardians. Full information as to the methods of the Guardians in relieving poverty in their borough discloses greater extravagance than had been suspected. An East End firm wrote to the guardians "Our employees who live in Poplar have pointed out that they can get more money by being unemployed than by working for us. As we have no wish to prevent them getting as much as possible, we propose to dismiss them so that they can take advantage of your relief."

That the firm did not exaggerate prevailing conditions is shown by other testimony. A man and wife were granted 2 lb 10s a week to relieve their poverty when the earnings of four single daughters brought the family income up to 7 lbs. 5s a week. So generous were the guardians in disbursing the money of the taxpayers that they granted one deputation from the unemployed a higher scale of relief than had been asked for.

In their own defense the Guardians simple state, in effect, that they were elected to help the poor people of the borough, and they have no excuses to offer for doing it.

TWO NEW BANKS WERE ORGANIZED

SPRINGFIELD—Two banks were organized in Illinois in May, according to the report of Andrew Russell, auditor of public accounts. They were the Auburn Park Trust and Savings Bank of Chicago, with a capital of \$200,000 and a surplus of \$30,000 and the Prairie State Bank of Oak Park, with a capital of \$100,000 and a \$20,000 surplus. The total number of banks in the state is now 1403 consisting of 154 state banks in Chicago, 68 state banks in Cook county outside of Chicago and 1,181 state banks in the remainder of the state.

FIND VETERANS GRAVES ON FARM

MULBERRY GROVE, Ill.—Covered by weeds and debris of many seasons, two graves, one of a Civil War veteran and the other of a Revolutionary war soldier, were found on a farm last Memorial Day by members of Bush Brown Post, No. 206, American Legion. Appropriate exercises were held over both graves. The tombstone above the grave of the Revolutionary war soldier bore the name of Peter Hubbard, who died in 1814.

A report of the incident was made to State Commander William R. McCauley.

## Reasons Why the John Deere is the Better Binder

All of the working parts are more accurately and substantially made.

The working parts of the binder head are cut steel, case hardened.

The one piece steel platform is riveted to angle bars front and rear with four angle steel cross bars.

All main bearings are roller bearing, self aligning.

The bull wheel is heavier, wider and higher.

Has three packers, one of which reaches higher after the butte of grain, thus saving grain.

The truck is much stronger, having trussed steel stub tongue, flexible axle and is quick turn.

The bundle carrier is very strong, being a new type that does not scatter bundles and works very easy for the operator.

Sample now set up for your inspection.

## Cooks and Operates Like a Gas Range Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil.

The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed.

The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking.

You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself.

Let us show you this stove. Note how well it is made—"A Beauty," you will say.

C. B. & Q. OFFICIALS ON INSPECTION TRIP

Rail Officers Inspect Grain Cars on This Branch of the Road—Much Grain Lost Thru Leaky Cars.

Several high officials of the C. B. & Q. were in the city yesterday on an inspection tour. The object of the trip is the inspection of all the cars in this section. Thousands of dollars have been lost to the farmers thru leaks in grain cars. It is believed by the railroad men that not only a saving to the consumer will result from the saving of this waste but it will increase the efficiency of the railroad over the motor truck, and be a good thing for all concerned. The party started from the shops in Beardstown and spent some time at each of the stations between Jacksonville and that city inspecting freight cars. They are trying to see that all the cars are up to the proper condition before the farmers begin shipping grain. The party traveled in a specially built car propelled by a Ford motor.

The men on the inspection trip are: G. H. Schaefer, general car foreman; C. K. Koff, trainmaster; E. J. Schultz, chief fire inspector; and Mr. Cooney, general claim agent.

Miss Alice Mathis of this city left Monday evening for Los Angeles, where she will spend about six weeks. She will then visit relatives in Ogden, Utah and will return home about September 1.

AIRSHIP ARRIVES IN CITY TUESDAY

I. O. Biffle and M. A. Siel, pilots and salesmen for the Lincoln Standard Aircraft corporation of Lincoln, Nebraska, are in the city on business with the Hutsen Aero Co. The trip was made to Jacksonville from Monmouth, Ill., Tuesday afternoon, flying time being sixty-two minutes. For several days past there has been an aircraft meet in Monmouth, 16 different makes of airplanes being represented.

Mr. Biffle stated that his object in visiting Jacksonville at this time was to arrange for possible for a local distributor for their plane. He had heard that this city had a municipal landing field but when over the city was unable to locate it and had some little difficulty in finding a suitable place to land.

The Lincoln company manufactures a three passenger plane, equipped with a 150 h. p. Hispano motor, more than 200 having been sold since the company's organization two years ago.

Mr. Biffle has been flying for eight years, in all parts of the American continent. For five years he was with the U. S. Government as instructor, and in the mail service.

TEACHERS AND OFFICERS TO HAVE PICNIC

The teachers and officers of Central Christian church Sunday school will hold a picnic at Nichols park this evening. This affair is being planned by the superintendent, Ben O. Roodhouse, and will come as the finale of the teachers' training series. The officers and teachers have met at the church each Wednesday evening for luncheon and study of church problems, but will now discontinue the meetings until September.

The party will meet at the church at 6 o'clock and will be taken by auto to the park. There supper will be served, with a brief business session following. It is probable that there will be at least fifty in the party.

TUESDAY BUSY TIME IN REAL ESTATE

C. H. Story Completed Series of Transactions In County and City Property.

Tuesday was an active day in the Charles H. Story Exchange and a number of important real estate transactions were completed. Mr. Story purchased from Charles L. Blakeman a garage and residence in Murrayville, together with a barber shop in Manchester. He subsequently transferred these properties, together with 240 acres of land near Garden City, Kans., to Robert T. Smith of Woodson, in exchange for a farm of 192 acres of land located two miles northwest of Jacksonville.

Then Mr. Story sold this tract to Cree R. Smith, living northwest of the city. This tract was at one time a part of the Springer estate. In more recent years it passed into the hands of S. T. Erickson, and later was owned by Harvey Hansmiller.

Mr. Story also sold to Mrs. Annie Hoffman the Spires property at 411 North Fayette street. Subsequently Miss Spires became the owner of Mrs. Clara Smith's property at 214 South Prairie street. Mrs. Smith and sons will in turn remove to the Sandusky street residence property that Mrs. Smith has purchased from Charles Patton.

TO NAME DIRECTORS FROM LONG LIST

Many Names of Retailers Will Be Submitted In Forming New Chamber of Commerce Department.

Today the names of 196 members of the chamber of commerce engaged in the retail business will be mailed to members. From this number they are expected to select 24 nominees for directors of the new commercial division of the chamber of commerce. Subsequently 12 will be chosen from the list of 24, and as previously indicated, the directors are to choose their own officers.

With the list of names Secretary Welch will send a letter briefly stating that the purpose of the commercial division is to provide a clearance for the various matters coming before the organization that have special reference to the bettering of retail business conditions. It is the opinion of the board of directors that it would be better to have the directors of the commercial department chosen by ballot rather than appointed, and so this method of procedure was determined upon.

The ballots to be counted must reach the office of the chamber of commerce not later than 7 p. m., on Saturday, June 24.

BIG FAIR TO BE HELD AT AURORA

A very interesting fair will be held at Aurora from August 18th to 6th. It is called the Central States Exposition and Fair and takes in the states of Illinois, Iowa, Wisconsin, Ohio, Indiana, Missouri and Kentucky. The fair will feature farm products and arts. D. T. Helmlich of this city will assist in judging the pet stock.

MOUNT EMORY CHURCH FAIR GREAT SUCCESS

The church fair which opened at the Mt. Emory Baptist church Tuesday evening was well patronized and proved to be quite inviting. All the booths were beautifully decorated and contained handily made embroidered articles such as bed spreads, dining room table sets, doilies, etc. There were also grocery booths, aprons and home made candies and cakes.

CLUBS AND SOCIETY

Intermediates of B. Y. P. U.

Had Picnic Last Night. Members of the Intermediate department of the Baptist Young People's Union enjoyed a picnic at Nichols Park Tuesday evening. They went to the park late in the afternoon and spent some time playing games and then enjoyed a bountiful picnic supper. Misses Carrie Spires and Edith Dawdy, advisors of the Intermediates, were in charge of the group.

Shower Given for Bride.

Mrs. Otis Haney was the guest of honor at a shower given Monday evening at the home of Mrs. A. J. Haney on South Main street. The event was a surprise to the guest of honor, the guests arriving at the house while she was away. Upon her return she found a large company of her friends assembled laden with all sorts of acceptable gifts for her. Mrs. Haney was assisted in arranging the affair by Miss Waite Barton. The serving of delightful refreshments was a pleasant feature of the evening.

The company included Misses Catherine Wetzel, Edith Forward, Dorothy W. Dodsworth, June Fee, Esther Collins, Eunice Haerle, Garneda Phelps, Ruth Patterson and Ruby Cowgur.

Gave Family Dinner.

A family dinner was held Sunday June 18th at the home of Mr. and Mrs. Elmer Green of Modesto in honor of their sons Ralph and family of Washington, D. C. and Henry and family of Burlington, Iowa. At noon a bountiful dinner was served out on the lawn which was enjoyed by all. Those present were: Mr. and Mrs. Ralph Green and daughter Lois of Washington, D. C., Mr. and Mrs. Henry Green and son Donald Austin of Burlington, Iowa, Mr. and Mrs. Cecil Green of Modesto, Mr. and Mrs. Clark Green, Misses Minnie and Alice Green of Jacksonville, Mr. and Mrs. E. M. Anderson of Waverly, Mr. and Mrs. John Anderson and daughters, Geraldine and Loraine, Mr. and Mrs. C. M. Reynolds all of Loami, Mr. and Mrs. George W. Robinson and son Myron of Sinclair and Miss Hazel Green of Woodson.

Waddell Stenographers Had Picnic

The girls who are employed on the first floor of the Waddell store went to Nichols park last night for a picnic. The girls went to the Park at 6 o'clock and after the serving of a splendid picnic supper spent some time in outdoor amusements. The affair was greatly enjoyed by all.

Enjoyed Picnic At Nichols Park.

Members of the double quartet of Grace church and their families to the number of twenty-five, had a picnic at Nichols Park Tuesday afternoon. The party went to the park about 5 o'clock when a picnic supper was served. The remainder of the time was spent in a general good time. It is hoped to make the affair an annual event.

Informal Reception for New Officers.

An informal reception for the new officers of the Ella Ewing Circle of the Central Christian church was given in the church parlors last night. The hostesses were the retiring officers: Mrs. George Peck, retiring President; Miss Kate Clarkson, Miss Marie Finney, Mrs. Siddons Armstrong, Miss Ethel Shortridge, and Mrs. Florence Rice Gilham.

The new officers of the society are Miss Pearl Jewsbury, president; Miss Ruth Henderson, vice-president; Miss Alice Green treasurer; Miss Margaret Coffman, press reporter, and Miss Josephine Pyatt, pianist, who were the guests of honor.

The first thing on the program was the installation of the new officers. After a resume of the years work by the retiring president, each officer surrendered her office to her successor. The new president responded appropriately in accepting her new office. Mr. Pontius the pastor, then gave an inspiring talk, following which several stunts were given by various members of the society. Some of the stunts given were: songs by a quartette and several humorous readings.

At the conclusion of the stunts the meeting adjourned to enjoy a social hour and refreshments.

Westminster Women Gave Birthday Party

The June and July birthday part of the women of Westminster church was held Tuesday night at the home of Mrs. A. F. Kitzer, with Mrs. Rayhill at 232 Westminster street. The attendance was unusually large. The refreshments were served on the lawn and a social hour was spent there. Then an interesting program was presented indoors. The program included the following: Group of songs—Miss Katherine Barr, with Mrs. David Smith as accompanist.

Whistling solo—Helen Kitzer. Reading—Mrs. W. S. Jones. Song by children—Anna Louise Stevenson, Betty Stevenson, Martha Kitzer, Helen Kitzer, Katherine Clare Stevenson.

Each number was greatly enjoyed. The hostesses for this church party were as follows: Mrs. S. O. Barr, Mrs. Frank Elliott, Mrs. Charles R. Cox, Miss Claire Stevenson, Miss Cassell, Mrs. A. F. Kitzer, Mrs. C. B. Massey, Mrs. W. S. Jones, Miss Anne McCormick, Mrs. Howard Stevenson, Mrs. J. H. Russell, Miss Elizabeth Russell.

**WILL OF ALBERT DEFATIES  
IS FILED FOR PROBATE**

The will of the late Albert DeFraties has been filed for probate in the office of County Clerk G. L. Riggs. The document was drawn July 14, 1921, and the witnesses to the signature were John H. Russel and Harold C. Clement.

The testator left all his property real and personal to his daughter, Ella M. Brooks, as executrix and trustee, to hold in trust, the income therefrom after payment of all necessary expenses to be paid to the wife of the testator, Mrs. Jennie DeFraties, for and during her natural life.

In case the said income is not sufficient to properly support the said wife, the trustee shall have power to use such sum from the principal fund as may be necessary from time to time. At the death of the wife all the residue and remainder of the estate is to be divided in equal shares among the five children: Mrs. Ella M. Brooks, George DeFraties, Calvin DeFraties, Mrs. Olive Gaddis and Horace P. DeFraties.

Mrs. Brooks is named executor and is to serve without bond.

JACKSONVILLE, ILL.**For Better  
Citizens  
Better Service**TO promote the safety first movement, the  
Standard Oil Company (Indiana) has created  
within its own organization 24 separate and  
distinct inquisitorial bodies to investigate acci-  
dents involving Company motor equipment.

These bodies are called "Safety Courts."

The primary purpose of these courts is to reduce  
the hazard of automobile accidents on the public  
highway. This is directly in line with the policy of  
the Company to help the employee to a better un-  
derstanding of his obligation to his fellow citizens.The Court meets weekly and before it must ap-  
pear any employee, whether manager or truck  
driver, who has been involved in an accident  
during the preceding week. The employee comes  
into court as defendant with his immediate  
superior as his attorney. The Chairman of the  
Safety Council is the judge. Other members of  
the Council serve as jurors.When the investigation shows that the employee  
has been guilty of carelessness in observing  
traffic laws, penalties are fixed and punishment  
assessed by the jury. The punishment is often  
as novel as the plan itself. For instance, a truck-  
driver recently convicted of carelessness was  
removed from his position and sentenced to  
work for two weeks in the Company warehouse  
as a common laborer.The plan is in operation throughout the 11  
Middle Western States served by the Standard  
Oil Company (Indiana) and has been responsible  
for reducing automobile accidents approximately  
50 percent.The spirit which pervades the "Safety Court" is  
to inspire employees with a sense of their re-  
sponsibility to the community. As in the case of  
the Annuity System, which gives the employee  
a feeling of security regarding his future, and in  
the case of the Stock Investment Plan to promote  
the desire to save, the "Safety Court" has as its  
object the making of better and more responsible  
citizens who will render continuous and greater  
service to society.The Standard Oil Company (Indiana) is continu-  
ally studying methods for improved service  
through adjusting its organization to the con-  
stantly changing needs of the people of the  
Middle West.**Standard Oil Company**

**GREEKS MAY NOT  
APPEAL THEIR CASE**Rumor in Quincy Is That If New  
Trial Is Denied Men Will Begin  
Serving Sentence—One Greek  
Paralyzed."If a rumor that is going the  
rounds is true," according to the  
Quincy Herald, "the twenty-nine  
Greek section hands of Schuyler  
county, who were found guilty of  
manslaughter by a jury in circuit  
court, Friday afternoon, will not  
appeal their case to the supreme  
court should Judge Wolfe over-  
rule their motion for a new trial.  
They will start serving their sen-  
tence of from one year to life."John E. Wall, of counsel for the  
defense, when asked about the  
report, said that this proce-  
dure has not been definitely de-  
cided upon. Circumstances, he  
said, depend upon the course of  
action of the foreigners.Will Go to Joliet.  
"If the motion is overruled,  
Judge Wolfe will sentence the  
men to serve an indefinite period  
in Joliet penitentiary. This inde-terminate sentence as laid down in  
the statute, is for a term of  
years from one to life. Joliet  
penitentiary will receive the  
Greeks, because Schuyler county,  
from which the change of venue  
was taken to Adams county, is  
not in the Chester penitentiary  
district. All local prisoners are  
taken to Chester."Even tho the motion for a  
new trial is overruled and the  
Greeks should pray an appeal to  
the supreme court, they would be  
sent to the penitentiary to await  
the time when the supreme court  
passed on their case. This would  
not be brought about for at least  
a year, it is said.Depends on Behavior.  
"Should the Greeks go to the  
penitentiary they are subject to  
parole at the end of eleven  
months. Providing their be-  
havior is good, it is thought they  
would encounter little difficulty  
in securing a parole in less time,  
perhaps, than it would take the  
supreme court to make a de-  
cision."As stated before, arguments  
on the motion for a new trial  
will be made in circuit court on  
June 30. The May term of court  
is being held for this case only.  
To other cases the term is  
closed."One of the Greeks in the  
county jail is paralyzed quite  
severely on his right side. The  
town physician says that the con-  
dition is undoubtedly due to  
lack of exercise."Walter W. Wright of Jackson-  
ville, attorney for the defense,  
said last night that he and his as-  
sociates had not yet determined  
upon the course which will be  
taken in event the motion for a  
new trial is overruled.**MEREDOSIA**Dr. Bley and Dr. Mitchell of

**BEST TIME TO CUT  
RED CLOVER HAY**

URBANA, ILL.—Although to obtain the best results with red clover hay it should be cut just as it comes into full bloom, there are conditions which make it advisable to cut earlier or later, according to John Piper of the crop production division of the University of Illinois. To get the highest percent of digestible nutrients the hay should be cut early, while the largest amount of feed will be obtained from the late cuttings, Mr. Piper said.

The percent of protein in the plant increases up to the blooming period but decreases after that, he continued. "Early cuttings are difficult to cure because the plant contains 75 percent or more water while the late cuttings are equally difficult to handle because of the loss of leaves. It should be remembered that about 40 percent of the plant is leaves, which is the best part of the hay. The leaves are richest in protein, containing about two thirds of the total of the plant. The small stems are next, while the coarse stems are the poorest in this valuable part of the feed.

The weather is also an important factor in deciding the time of cutting clover hay. Both early spring and late fall furnish poor hay curing weather. Of course the reverse is true for fall cuttings. In any case, one should avoid wet rainy weather during the process of making hay. One safe rule to

follow is never to cut clover when there is moisture on the plants, either in the form of dew or rain. If the grower intends to harvest seed from the second crop, he should cut the hay crop so as to control the clover seed insects. of several experiment stations indicate that the hay drop should be harvested before the first of June before the heads have come into full bloom.

The quantity of hay; the quality of feeding value as influenced by the digestible nutrients, the percent of heads, leaves, and coarse stems; the weather for making hay as well as factors which should be considered in deciding when to cut clover for hay. Considering all factors, the full bloom stage will meet conditions in most farms.

**SOLOMON'S TEMPLE  
COST SOME MONEY**

CHICAGO, ILL.—The cost of the most magnificent of modern buildings is a trifle compared to that of Solomon's Temple, which according to estimates given in the monthly bulletin of the Illinois Society of Architects reached the tremendous total of more than eighty-seven billion dollars.

The cost of Solomon's temple and its internal decorations and the paraphernalia was one of the wonders of olden times," the account says.

According to Villapardus, the talents of gold, silver and brass used in its construction were valued at the enormous sum of \$34,399,110,000.

The worth of jewels is generally placed at a figure equally as high. The vessels of gold, according to Josephus, were valued at 140,000 talents, which reduced, according to Chaple's reduction tables to every day coinage was equal to \$1,776,481,515.

The vessels of silver, according to the same authority, were still more valuable, being set down at worth \$3,246,720,000.

The priests' vestements and robes of singers \$100,000,000; trumpets \$1,000,000.

To the above add expense of building materials, labors, etc. and some wonderful figures present themselves.

Ten thousand men hewing cedars, 60,000 bearers of burdens, 50,000 hewers of stone, 3,300 overseers all of whom were employed for seven years and upon whom beside their wages Solomon bestowed \$33,669,885.

If the daily food was worth 45 cents each, the sum total for feeding this army of workmen during the time of building totals up to \$344,385,440.

The material in the rough is estimated as having been worth \$12,726,685,000.

The several estimates show the total cost to have been \$87,212,210,840.

Men's work shoes, \$1.98 to \$5.00, at HOPPERS.

**WILL ASK HELP  
TO MAINTAIN LEVEES**

BEARDSTOWN.—Farmers in this vicinity and residents of this city regard the newly organized Drainage and Levee District Association, representing forty-eight districts with an annual crop yield of nearly \$10,000,000 as the backbone of a protective movement to prevent flood losses in the future.

It is indicated that Beardstown, Naples, Browning and Frederick will join in a fight for appropriations to bring about more protection than the landowners can afford to finance. The contention that the government makes an annual appropriation for the maintenance of levees on the lower Mississippi but has ignored the Illinois river valley, and that the LaGrange locks held up the flow of the river during the recent flood, will be the basis for an appeal for financial aid. It was stated.

Engineers already have been instructed to apportion the responsibility of the recent flood.

**BETHEL A. M. E. CHURCH**  
Sunday was the third quarterly meeting for the conference year. Rev. George A. Brown and his wife were present and each service marked success spiritually and financially. The reports at the quarterly conference from the

various auxiliaries were as follows:

Trustees, \$361.40; Stewards, \$390.24; Stewardesses No. 1 \$42; Stewardesses No. 2, \$50.31; Pastor's Aid, \$40.25; Sunday school, \$38.42; Missionary Society \$35.75; Sewing Circle \$130.19, making a total of \$1564.22 raised in three months. Rev. Hackley and his faithful members have paid off every outstanding debt held by the business men of Jacksonville, many of them over ten years old. The only debt now remaining is now a balance on a mortgage which is \$700. It will be remembered that when Rev. Hackley came to Jacksonville one and a half years ago, this church was over \$4,000 in debt. Few pastors have ever been to this particular church who were as universally loved by all classes as the Rev. and Mrs. Hackley. It is gratifying to see how all of the better class and more intelligent colored people are co-operating with Rev. Hackley for the betterment of their church and race in Jacksonville.

## HAGEN ONE OF LEADERS IN TOURNEY

SANDWICH, England, June 20.—At the conclusion today of the second qualifying round in the British open golf championship, Walter Hagen, U. S., and Joe Kirkwood, the Australian open champion, led in the field with aggregate scores of 147 for the two days of play.

Jack Hutchison, the holder of the British title, was in third place with 149, while Jim Barnes the American open champion, was 16th with a 154.

The other two Americans in the tournament, C. Mayo and Edward VanVleet, failed to qualify. Mayo's card read 165. VanVleet tore up his score and quit the contest.

The most notable of the players to fail to qualify was former Champion James Braid who was just outside the elect with a total of 162. His great fault was in putting.

Harry Vardon, Abe Mitchell and Roger Wethered, each had scores of 152. Wethered had the lowest score of any of the amateurs in the tournament. Cyril Tolley, another amateur, required 156 strokes, the same number taken by Ted Ray. Jack White and J. H. Taylor each turned in cards of 159 while A. Massey the former French amateur champion Willie Hunter and George Duncan each scored 160.

## WILLARD TO START TRAINING AT ONCE

LOS ANGELES, Cal. June 20.—Jess Willard former heavyweight champion pugilist announced today he would start training within a week for a return match with Jack Dempsey to whom he lost the title. He stated he had accepted an offer to use the gymnasium of Hollywood Post No. 43 American Legion for preliminary work.

Willard recently issued a deft to Dempsey after which Jack Kearns manager of the champion stated his charge was ready to meet Willard whenever terms could be arranged with a reputable promoter, adding that he was considering offers from Floyd Fitzsimmons of Benton Harbor Michigan and Tex Rickard of New York City.

Morrison, Worthington, of Worthington, Reeve and Green went to Pike County this morning on a business trip.

## FABER WEAKENS IN FOURTEENTH INNING

Washington Scores Three Runs and Wins 9 to 4 — Rice Hits Safely in Last Five Times Up.

CHICAGO, June 20.—Urban Faber weakened in the thirteenth inning today and Sam Rice started a rally by stretching a single into a double which enabled Washington to score three runs and defeat Chicago 9 to 4. Rice hit safely in his last five times up and also played great ball in the field making hard catches which robbed the locals of hits and possible runs. The game was one of the hardest fought on the local diamond this season.

## NEW YORK FINALLY DEFEATED CLEVELAND

CLEVELAND, O., June 20.—After losing eight games in a row New York finally broke its disastrous streak today, winning from Cleveland 6 to 5. Uble was driven from the box in the third inning while Morton's poor support allowed New York to score three more runs. Bush was effective in the pinches until the eighth when Jones replaced him and retired the side with the bases full.

## CINCINNATI HANDS

BOSTON SHUTOUT  
BOSTON, June 20.—Couch of Cincinnati held Boston to two hits today, Cincinnati winning 2 to 0. Singles by Caveney, Pinelli and Daubert and Burns' sacrifice fly in the fifth gave Cincinnati its two runs. Not until the eighth did a Boston man reach first. In that inning Cruise and Forg singled. A bare handed catch by Burns in the ninth off Nixon was one of the features of Cincinnati's brilliant defense.

## BROWNS ROMP OVER PHILADALPHIA AGAIN

Williams Slams Out His 18th Homer With Slicer on—Pinch Hitter Hauser Duplicates the Feat.

ST. LOUIS, Mo., June 20.—The Browns romped over Philadelphia today winning 7 to 3 and compelling Connie Mack to use without avail, four pitchers and three pinch hitters. Kenneth Williams slammed out his 18th homer of the season in the fifth inning the ball over the right field stand and bringing in Sisler who had tripled ahead of him. Eckert was in the box at the time. Hauser, batting for Eckert duplicated Williams' performance in the sixth sending the first ball pitched over the same route Williams' circuit clout went.

## TWENTIETH CENTURY GIANTS TO PLAY

Fast Springfield Colored Team Will Meet the Indexes Sunday Afternoon—Smith Negotiating With New Pitcher.

Manager Frank Smith announced yesterday that the Twentieth Century Giants, the fast colored team of Springfield, would be the Indexes opponents at South Side park Sunday afternoon.

The Giants on the last trip here a few weeks ago defeated the locals by a ninth inning rally when they scored three runs. Up to that time the score was 1 to 0 in favor of the Indexes.

Smith is negotiating with a pitcher named Redding now located in Springfield. Redding

claims to have been a hurler with the Kellogg Switchboard team of Chicago last year and says he won 23 out of 24 games. Smith probably will have Redding come over this week and show his wares before giving him a job. Dickason who has been with Roodhouse this season will be in the local lineup for Sunday.

Hugh Bittelston, a prominent Los Angeles Attorney and his wife have been visiting a few days in Franklin, which is the gentleman's birthplace. Yesterday they came to this city to see friends and have now gone on to New York where Mr. Bittelston will attend a Bar convention.

A. C. Baldwin of the local Post Office has gone with his family to Missouri for his vacation. The party went in their automobile.

**WHEN** you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

Since last fall when USCO established the \$10.90 price range they have recognized it as a value beyond any possible comparison.

A still greater money's worth than even USCO itself had reached before.
